- Offices

Artwork Requirements

- High resolution image in Jpeg or PDF
- Per hour design fee of R 250.00 ex vat will apply to unfinished artwork that needs to be re-drawn
- These mats are more suited to basic designs and text

Cleaning

The Sentinel Scribe/Hybrid Scribe mat is made from a polypropylene needle-punched wear surface and a cut pile nylon logo portion that is vulcanised to a rubber backing. Due to this process, no adhesive is used and therefore the mat may be immersed in water or subjected to light diluted detergents without the bond being affected in any way.

General every day cleaning by means of vacuuming should be practised. Should the mat be stained however, any suitable diluted detergent with a light nylon brush may be used and the mat hosed down with clean water after such cleaning.

The mat may then be hung up and should drip dry.
