- Offices

Artwork Requirements

- High resolution image in JPEG or PDF
- Per hour design fee of R 250.00 ex vat will apply to unfinished artwork that needs to be re-drawn
- These mats are more suited to basic designs and text

Cleaning

The Sentinel mat is made from a polypropylene needle-punched wear surface that is vulcanised to a rubber backing. Due to this process, no adhesive is used and therefore the mat may be immersed in water or subjected to cleaning agents without the bond being affected in any way.

General every day cleaning by means of vacuuming should be practised. Should the mat be stained however, any suitable diluted detergent, e.g. Skip, Omo, Clean Green, Sunlight soap, etc. may be used and the mat hosed down with clean water after such cleaning. Do not use harsh, ammonia based or concentrated cleaning agents such as Handy Andy or Jik.

The mat may then be hung up and should drip dry.
