    - b) Supermat, polypropylene and nylon rubber backed matting (available at extra cost)

### Unique Features

- Moulded PVC grid matting – moulded PVC is less likely to shrink than extruded PVC
- ALL-IN-ONE :Dirt & mud knocked off & moisture & grease absorbed
- Suitable for use in recesses. Is easily cut in on site with a Stanley blade
- Modular Product - clip together tiles can be made up into any size
- Washable product – easy maintenance
- Can withstand shopping trolleys & heavy foot traffic

### Benefits

- Longevity: 2 year guarantee against manufacturing defects
- Filler strips can be re-furbished
- ALL-IN-ONE: Dirt & mud knocked off & moisture absorbed

### Application

- Indoor
- High traffic areas
- Shopping Centres
- Airports
- Commercial buildings

### Cleaning

- The mat is easily cleaned by vacuuming or for stubborn dirt, a diluted detergent and light nylon scrubbing brush or mop may be used
- Mat should be lifted and granular dirt build up removed by sweeping or vacuuming.
